

Move Into Your Power

A Simple Shift Changes Everything

# ADVANCED POWERSPEAK!

**When you have a simple structure that allows you to hone your message and deliver it in a way that engages every audience—even with the most complex and data-driven topics—you become a sought-after resource in your organization. Yet even the most confident speakers can falter when it comes to organizing content, especially with a limited time to prepare.**

Advanced PowerSpeak brings the clarity and confidence you gained in PowerSpeak to new heights of excellence as you discover how to successfully deliver any content to any audience—with a cutting-edge structure that will reduce your preparation time exponentially.

In three power-packed days, you'll discover how to:

- Deepen your skill as a presenter by trusting your natural speaking ability
- Sharpen your ability to focus on your audience
- Eliminate the experience of “a difficult audience”
- Incorporate The 7 Elements of Speaking Presence into every presentation
- Engage any audience—of any size—on any topic
- Create a presentation of any length in three simple steps—even at the last minute
- Transform your experience of presenting
- Transform your audience's experience of your topic

Here's what Alums say of their experience—after Advanced PowerSpeak, I:

- Have more emotional control, less fear and more faith!
- Can break down my very technical topic into digestible bites for any audience. I was astonished at how simple it was to do.
- Recognize my strengths and automatically use them.
- Have a new structure that helps me relax. I feel smarter already!
- Trust myself when I speak.
- Know how to use simple stories to make my technical points. (What a surprise!)
- Cracked the code on how to present financial data to anyone—even those in my organization who have always found it boring.

**All this for just \$1099** a person. Use coupon code ADVPS2016 through June 15, 2016, and save \$100!

Advanced PowerSpeak is available for organizations and individuals. Find out about the next class at <http://maiabeatty.com/unite-your-team/> or contact me at [maia@maiabeatty.com](mailto:maia@maiabeatty.com) for more information about group training.
